	Daniel	FALL OF JERUSALEM, 586

NOTE ABOUT DATES

While scholars' opinions about the dates of kings' reigns and the timing so some prophets' ministries may vary, the dates on this chart are based on the best knowledge and evidence available to us at this time. Most reputable scholars' dates will be close, though not necessarily identical, to these. There simply isn't enough specific information available in the biblical record to identify the timing of each king's reign with certainty.
